

green BUSINESS offers an ideal opportunity to promote your business or product to a market of homeowners searching for sustainable products and practices. Either supply us with finished art to fill the 1/6 page space or provide an image, your logo and 40 words and we will place them for you.

Modtank

Build your own water tank with stackable modules to suit the available space in your back yard. Ideal for feeding existing tanks, fitting into corners, under decks and in tight spaces, each module holds 77 litres.
